Inset 3: Thursday 27th May 2027
Inset 4: Friday 28th May 2027
Inset 5: Monday 26th July 2027

Adverse Weather Procedures

With colder weather and wintry conditions expected in the coming weeks, we would like to remind you of our arrangements for icy or snowy weather:

- We aim to keep Bakewell CofE Infants open whenever possible, provided we have enough staff to operate safely.
- Our site team will grit certain routes daily, but please take extra care when accessing school sites. Use the safest entry and exit routes.
- Contact the school office if you need assistance, or if school is open but you are unable to get here.
- Due to Bakewell's hilly terrain and limited parking, we recommend travelling on foot where possible.

If a closure is necessary, we will notify you via:

- Arbor message
- Our school website
- Our Facebook page

Thank you for your understanding and cooperation.

Join us for our Solihull Parenting Course

A 10 week course looking at child development and behaviour.

- Understand your child's behaviour and how they communicate.
- Recognise how your child is feeling.
- Reduce the difficulties you face in everyday life.
- Improve how you communicate with your child.
- Understand the importance of play.
- Develop good routines and boundaries.
- Improve relationships between you and child for a happier and calmer home.

Next course starts Friday 17th April
9.30-11.30 @ All Saints Infant School

Open to all parents across the partnership. Please email earlyhelp@matlockanddales.derbyshire.sch.uk to reserve a place.

SOLIHULL PARENTING COURSE

PARENT FEEDBACK

Friendly and supportive

→ The group on the Solihull Parenting including those running the course are all honest, open minded and trusted to keep our discussions confidential. It's helped me realise that like all parents: we are all going through difficult times, there is help, there are ways to handle things better, and we are doing our best. It's provided learning, self-reflection and a chance to really off load too and feel supported.

From the very first day I was hooked, it's interesting, insightful and really makes you think about why the children could be acting in a particular way. Everyone is so friendly and easy to talk to.

no-judgement

→ I felt the freedom to say what I want without the judgement. I find it very helpful and informative after every session and my expectations for my kids are more normal now.

confidence building

The course improved my confidence as a parent and I would recommend it as an investment in your family.

Enjoyable

→ For anyone who wants to help engage their children in a more positive way, I would (and indeed have) recommend this group. - "Thank you!"

Peer Support

Those Tuesday morning two-hour (often turning into nearly three-hour!) sessions - which I still miss - offered safe sanctuary to unlock barriers to having the courage to publicly express worries and concerns about our own parenting styles and about our children's behaviours, emotions and education which, under Mrs Lloyd and Mrs Southall's quietly guiding hand, were always put in perspective and soothed.

All this together with a good dollop of peer support, often a few tears, calming cups of tea and a comforting biscuit

Bakewell C of E Infant School

EASTER FAMILY CELEBRATION

Friday 20th March
2.15-4pm

Come and join the PTFA for a
fun-filled afternoon!

There will be lots of Easter crafts,
and games, as well as an Easter
egg hunt for children and grown-
ups to enjoy together.

Refreshments will be available
to buy

MORE INFORMATION:
CONTACT THE SCHOOL OFFICE
OR EMAIL THE PTFA AT
BAKEWELLINFANT.PTFA@GMAIL.COM

9 out of 10

unvaccinated children
will catch measles
if someone in their
class has it

**Check your child is up
to date with their
MMR vaccinations**

**Make sure your child
is up to date with their
MMR vaccinations**

Check your child's
red book, and make
an appointment
with your GP
practice to catch
up on missed doses

For more information and advice on what to do if you think your child has measles visit <https://www.nhs.uk/conditions/measles/>

There has been a sharp rise of measles cases in our communities

Most of these cases are young children who have not had the MMR vaccine.

Measles is a very serious infection

The measles virus spreads through air, in areas such as playgroups, nurseries and schools. It can make the body prone to serious complications that affect the lungs and brain. **1 in 5 children who contract measles will need a hospital visit.**

Measles can also affect adults

Measles can make people with vulnerable immune systems very ill e.g., cancer, pregnancy, or if taking certain medications.

Symptoms include...

High fever (>39°C)

Red & watery eyes

Runny or blocked nose

Cough and cold like symptoms, followed by a...

Rash which spreads from the face down to the rest of the body, and white spots may appear inside the cheek

The MMR Vaccine

The MMR vaccine is free and safe. **Two doses provide life-long 99% protection against catching measles.** It is part of the routine NHS childhood vaccinations to protect against measles, mumps and rubella.

The MMR vaccine is given in **two stages:**

1st dose - at 1 year of age.

2nd dose - at 3 years 4 months of age.

There are 2 vaccine brands in the UK. One of these does not contain pork gelatine (**Priorix**). This can be requested from your GP surgery.

What to do if you suspect your child has measles?

If you are worried that your child has measles, get advice via your GP or 111. **Do not send them to school or visit relatives.**

Seek urgent help by calling 999 or attending A & E, if they:

- become drowsy
- are taking half their usual amount of feeds/fluids
- have a rash that does not fade when pressed
- become short of breath

If you're an adult who has not been vaccinated

Ask at your GP surgery. Vaccination is **especially important if you are pregnant** or have a vulnerable immune system. It's never too late!
